Title: ENHANCED HEAT TRANSFER FOR HOUSINGS		

Commissioner for Patents
Washington, DC 20231

In response to the Restriction Requirement mailed September 16, 2002, Applicant elects the species of Figure 2 which is claimed in Claims 86-99 of the current application without traverse. However, Applicant respectfully traverses Examiner Ngo's conclusion that currently none of the claims are generic. Applicant asserts Claim 86 is generic. That is, Applicant believes the claim limitations of independent claim 86 covers all the distinct species illustrated in Figures 2, 3, 4, 5, 7, 8, 9, 10 and 11.

The Examiner is invited to contact Applicants' Representatives at the below listed telephone number if there are any questions regarding this Response or if prosecution of this application may be assisted thereby.

Respectfully submitted,
